The garden has expanded its successful Certificate in Native Plants (CNP) program to include a **Plants and Pollinators Specialization** designed for anyone ready to take an interest in protecting our native plants and pollinators! The specialization is open to people currently enrolled in or graduated from the CNP program, as well as those who have not yet participated, but are looking opportunities to get involved in pollinator protection.

**To Register for Specialization Classes:**
Visit our website at: www.botgarden.uga.edu
For information and applications call: 706-542-6156 or email sbgeduc@uga.edu

---

**Requirements**

**Five Courses (2022 Dates)**
- Connect to Protect Leadership, 2/11
- Landscaping Through the Eyes of Pollinators, 4/10
