

## Recommended Native Plant Nurseries List

### Georgia Native Plant Initiative and Georgia Native Seed Network

We list these nurseries to help home gardeners, land managers, and garden designers find ethical sources of plant species native to Georgia. None of the companies nor organizations below have provided us with any financial or other benefits in order to be listed here. We offer this resource as a public service, serving Georgia as your State Botanical Garden. We work to keep this list updated. If you have information to share, write to [jceska@uga.edu](mailto:jceska@uga.edu).

Another resource we share is the Georgia Native Plant Society's, Georgia's Native Plants, Sources of Native Plants.  
<https://gnps.org/georgias-native-plants/sources-native-plants/>

---

#### **All About Natives LLC**

Open by appointment and for special events.

spring native plant sale

## **AND our recommendations for Georgia seeds and Grassland Resources:**

Please remember that Common Milkweed, *Asclepias syriaca*, is not native to Georgia and is a high conservation concern for invasiveness, escaping gardens and invading natural plant communities. Be sure to check all mixes to avoid bringing Common Milkweed into Georgia landscapes.

<https://botgarden.uga.edu/wp-content/uploads/2024/07/milkweedWEB.pdf>

**1. Roundstone** does have Georgia seeds of Georgia species but this stock can sell out quickly. Check for Georgia provenance versus species appropriate for Georgia if seed sourcing is important for your project. (Provenance means the seeds came from Georgia populations, not that they are just seeds of species that are native to Georgia.)

**Roundstone Native Seed (Upton, KY)** <http://www.roundstoneseed.com/>

**2. Prairie Moon** and **Ernst** nurseries have wonderful resources on their websites, creating prairies, mowing techniques, planting for pollinators. Check out Prairie Moon for informative blogs, newsletters, videos, and planting kits.

**Prairie Moon Nursery (Winona, MN)** <https://www.prairiemoon.com/>

**Ernst Conservation Seeds (Meadville, PA)** <http://www.ernstseed.com/>
